SOCIOLOGICAL AND SOCIAL-PSYCHOLOGICAL PERSPECTIVES ON ENVIRONMENTAL ISSUES: A BIBLIOGRAPHY

by

Riley E. Dunlap
Department of Sociology and Department of Rural Sociology
Washington State University

This bibliography is an attempt to cover the literature in the rapidly developing area of "Environmental Sociology." It should be reasonably complete through the summer of 1975, and is organized into the several sections noted below in the "Table of Contents."

Those interested in sociological research on environmental issues should also find the following of interest: Riley E. Dunlap, "Directory of Environmental Sociologists," College of Agriculture Research Center Circular No. 586, Washington State University, Pullman, Washington 99163. A similar effort covering political science research is Geoffrey Wandesforde-Smith, "The Study of Environmental Public Policy: A Preliminary Directory," Human Ecology 2, 1974, 45-62. Two recent bibliographies also focus on environmental politics and policy: James S. Bowman, "Politics of Ecology: The Environment and Public Policy, A Bibliography," Exchange Bibliography No. 696, Council of Planning Librarians, 1974, $4.00 and Riley E. Dunlap, "Studies in Environmental Politics and Policy: A Bibliography," Exchange Bibliography No. , Council of Planning Librarians, 1975, $. Finally, a comprehensive coverage of social science literature on environmental issues is available in Denton E. Morrison, Kenneth E. Hornback and W. Keith Warner, "Environment: A Bibliography of Social Science and Related Literature," Socio-economic Environmental Studies Series EPA-66/5-74-011, U.S. Government Printing Office, 1974, $7.45.
